“WHITE LIGHT” DISCUSSION

Tom is the engine behind our engineering teams at Venture Lighting. He offers over 30 years of lighting experience ranging from lamp design development to projection lamps and optics. He served with General Electric (GE) for many years before coming to Venture Lighting. Now, as the VP of Engineering, Tom leads the vision for new product development and focuses heavily on legislative trends acting as an industry advisor to such organizations as NEMA and the California Energy Commission (CEC).

Tom has multiple physics degrees. He obtained his Master of Science in Physics from Case Western Reserve University in Cleveland, OH and his undergrad work was a Bachelor of Science in Physics from Eastern Nazarene College, Quincy, MA.

The Prices for the Clambake next Wednesday to be published:

- Dozen Clams and ½ chicken: \$26
- Dozen Clams and 12oz NY Strip Steak \$30
- Dozen Clams and ½ slab of ribs \$30
- Extra Dozen Clams \$10

The President's Corner

Our first event of the year is a Clambake at Albion woods sponsored by Wolff Brothers on September 23rd. The guest speaker will be provided by Venture Lighting and the topic will be a "White Light" discussion. Should we be looking at just footcandles or is there something else we should be considering when evaluating different lighting sources? Come and join us for the food and the meeting to see some of the ideas that are cooking in the world of lighting.

RSVP

by Sept. 18, 2009
