LightVision: 2018 Cleveland IES Emerging Professional Lighting Design Competition

COMPETITION INTENT

LightVision is a lighting design competition organized by the Illuminating Engineering Society (IES), Cleveland Section Board of Managers to inspire and energize Emerging Professionals (EP) in their understanding of fixture development and application. This inaugural competition looks to provide a collaborative environment between new and experienced engineers, architects and designers, fostering communication and creativity.

CHALLENGE

Teams are tasked with developing a custom luminaire family, consisting of at least three of four categories (ceiling, wall, table and floor), applicable to the upper tier restaurant/hospitality marketplace. Entries will be judged on their originality, lighting design functionality, consideration of production viability, and market relevance. Considerations of emerging technologies, controls systems, and energy conservation will given additional weight.

First Place: \$2000.00 toward prototype development & \$300.00 cash

Second Place: \$150.00 cash prize

SUBMITTAL FORMAT

The competition is open to all emerging professionals with 5 years or less of experience in the lighting industry. Entrants are to assemble a team of 2-3 contributors comprised of any combination of engineers, architects, commercial interior designers, reps/distributors, or manufacturers. Narrative briefs and concept renderings are to be in PowerPoint format. Models and prototypes are not to be included in the first round of submissions, however photos of such are allowed.

The registration period is open through January 19, 2018. See registration form attached.

Registration forms will be available to all interested participants December 29, 2017. Completed applications should be emailed to Bob Halper (bob@halperlightingsolutions.com) or Josiah Schleicher (jschleicher@brightsales.com).

SCHEDULE

Application Deadline: January 19, 2018. Completed applications should be emailed to Bob Halper (bob@halperlightingsolutions.com) or Josiah Schleicher (jschleicher@brightsales.com). Following the application deadline, a kickoff meeting will be held to provide additional information and judging criteria to all teams.

Digital Submissions Due Date for Round 1 of Judging: February 16, 2018.

Determination of Finalists: February 23, 2018. Finalists are encouraged to further develop their entries for final jury review and public display at Electro Expo 2018, March 6, 2018.

Final Jury Selection: March 8, 2018 (at Electro Expo 2018)
